

Telewise

Outside Out EP

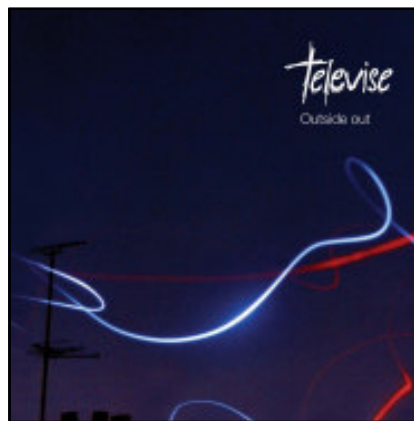

Telewise are a London band formed by Simon Scott (formerly of **Slowdive**, **Inner Sleeve** and **Lowgold**) guitar and vocals, Jamie Armstrong guitar, Alex Dowding bass and Nick King on drums. **Outside Out** is their debut single.

Echoes of 4AD's finest moments, Thrill Jockey's freedom and Creation's greatest signings are clues to their sound. **Outside Out** is pure shoegaze pop, reverb, delay, distortion, digital silence and analogue destruction. **Ride**, **Swervedriver**, **Spiritualized** at their best.

Recorded by legendary producer Pat Collier at Gravity Shack in South London December 2004, Telewise have a lush sound that betrays their roots while still sounding fresh and full of energy. B-sides **Let Me Go Down** and **If I Told You** are more thoughtful and hint at great things to come.

Telewise play the AC30 three-dayer **Reverence** with **Amusement Parks On Fire** May 11th (bring earplugs), and will be playing shows in London and beyond all Summer.
