

## Exit Calm

### Higher Learning/Awake

This is the eighth in a series of singles released by London live night/record label Club AC30. The series is called As & When, and will follow the same general format of limited edition numbered 7" and digital release. The theme is "bands we like" and the frequency is "as & when".

Exit Calm are a four-piece from South Yorkshire, Nicky Smith vocals, Rob Marshall guitar, Scott Pemberton drums and Simon Lindley bass. Formed in late 2006, barely a year old and already the band are making waves around the UK.

Regular favourites at AC30 over the last few months, the band have recently teamed up with Numb Management (The Fratellis/The Enemy) and are playing whenever and wherever they can, stunning audiences with the intensity of their live show and building up a loyal following. Support slots have include Dean & Britta, Boxer Rebellion and The Enemy among others, as well as shows and national radio in Tokyo, remixes by Ulrich Schnauss and demos for EMI. The future is bright.

This release is a limited edition 7" pressing of two live favourites Higher Learning and Awake, amply demonstrating the where these guys are headed.
